www.onlinenz.com

New Zealand's number #1 Internet Marketing Company.

The screenshot shows the website's header with navigation links (Home, Areas, Local Information, Classifieds, Members, Sign Up, Change Area) and a search bar. A central banner reads "view our daily specials!!!". Below this are several categorized tiles: "Local Business Listings", "FREE Buy & Sell Listings", "Local Employment", "Local Events", "Facebook Sharing", and "Local Photo Library". At the bottom, there are advertisements for "HEALTH INSURANCE", "AAMI", and "PROMPT DRAIN SERVICES".

DRIVE MORE TARGETED TRAFFIC TO YOUR WEBSITE

With A Cost Effective Internet Marketing Package

we attract over 90,000 visits per month!!

Why? ... because we offer much more than a local directory!!!!

view our Internet Marketing options on: www.onlinenz.net/shop

A grid of service icons with red circles highlighting specific categories:

- Local Employment (magnifying glass over 'JOBS')
- FREE Buy & Sell Listings (red 'BUY' and 'SELL' dice)
- Local Events (map with location pins)
- Local Business Listings (yellow directional signs)
- Facebook Sharing (Facebook logo)
- Local Photo Libraries (night photo of a bridge)

Other icons include:

- lotto results (LOTO logo with "What would you do?")
- weather (weather map of New Zealand)
- news (BREAKING NEWS globe)

At the bottom, a red-bordered box contains the text "view our daily specials!!!", a cartoon dog holding scissors, and a large orange checkmark.

Picton Maritime Festival

Maritime Annual Festival

Saturday 21 January 2012 1.

Celebrating the Unique Maritime Heritage
 Free fun on the Picton foreshore for the
 Live entertainment.
 Raft races, market stalls, food stalls, games for the kids and a whole lot more.

A special thanks to our major sponsor (Pub Charity)
 If you are interested in supporting this wonderful event, please contact Beryl Bowers

General Information

The purpose of the Picton Maritime Festival Trust—a registered charitable trust—is to raise funds and create a fund for organisations to participate in, thereby providing for groups, individuals, community organisations, and the community, particularly with emphasis towards youth.

[Send Message](#) | [Leave Feedback](#) | [View Website](#) | [Return to List](#)

Swampys Backpackers New Zealand is a refurbished historical building located near the main highway in Spring Creek, 15 minutes from Picton, 4 minutes to Blenheim and on the turn off to Nelson. Spring Creek is in the heart of Marlborough's wine producing area, well known for its crystal clear water and it is ideal for trout fishing and kayaking.

Swampys hotel accommodation has gained a reputation for its warm and welcoming atmosphere, with regularly organised activities to keep its guests entertained. Swampys is ideally located close to seasonal employment opportunities and a vast array of outdoor activities for your leisure.

Swampys offers a discount to guests that stay for a period of 7 days or more. Duvet and linen included free of charge.

You will have a fantastic time at Swampys Backpackers, there are no strangers here, only friends that haven't met! We look forward to seeing you.

Welcome to Swampys Freedom tours based in the heart of Marlborough's famous wine growing region.

We specialize in creating unique 1 - 5 day tour packages. You choose from any of our extensive land / water / air activities and we will guarantee you a 100% Kiwi experience.

Activities include:

- Cycle tours (including bike hire)
- 4wd tours
- Wine tours
- Kayaking tours

QR CODES (quick response codes)

What is a QR Code)?

A QR code is a 2-D barcode that can be scanned by a smart phone's camera and transfer information to the phone's user. Based on the type of code it is, it might direct the viewer to a website, (or a page of) make a phone call, send a text message, or deliver a vCard. (a virtual business card that can contain great content)

How can YOU utilise QR Code marketing?

- QR Codes on business cards.
- Storefront displays.
- Promotions, discounts and giveaways.
- T-shirts
- Use QR codes to get Likes and Follows.
- Supplement your retail space.
- Increase online shop sales.

Find out more here:

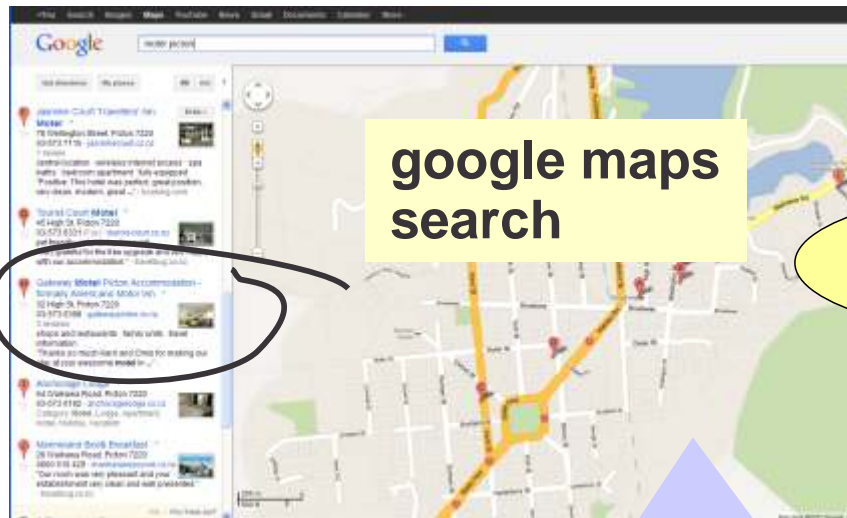

www.qrcode.olnz.co.nz/index.php/ways-to-use-a-qr-code

Google MAPS LISTINGS

You may have noticed over recent times that search engine results from Google have changed significantly. You may have also noticed how most of the first search page results favour Google's own listings and dominate most of the first page. This system generally will appear when a search is relating to a specific location. (ie: Wellington - Google then reverts to a "geo-tag search result" and shows Google Maps results first, below the sponsored (paid) links. The reason being that Google attempts to provide the most relevant information to the searcher in all cases.

It is now most important that your listing is preferably visible on the first page of these results, or at least on the first few pages. There are strict "rules" (algorithms) that google follow to place the listings in order of priority. Online NZ have done many hours of research and are confident we can get your listing into one of these valuable positions by following the guidelines Google have set for those results. We can now optimise your google map listing for a one-off fee of \$350 plus gst

google maps search

organic searches now a lot smaller!!!

SEARCH ENGINE OPTIMISATION

What is search engine optimisation (SEO)?

SEO is the art of improving website ranking in search engines for keywords or phrases related to your products or services. With expert SEO, your website will rank better and obtain more traffic and more sales!

How powerful is search engine optimisation (SEO)?

SEO will revolutionise your business in a short period of time.

Just a few reasons why your website should harness the power of SEO:

400 million people or 92% of internet users use Google, Yahoo or MSN first when finding products and services on the internet.

The sales conversion rate of SEO is 4 times higher than internet marketing advertising (Pay Per Click).

Page 1 position on search engines is non-stop, 24/7 advertising. Your business reached thousand of potential customers on a national & global level.

93% of search engine users do not look further than page 1 of the search results. If your website is not listed on this page, you're not maximising your full business potential.

33% of internet users believe companies that are found on page 1 are trusted brands.

Internet marketing is 10 times more cost-effective than traditional print media.

THIS IS A BIT LIKE YOU BUILDING A NEW STORE AND NOT HAVING A DOOR ON IT!!!!

IS YOUR CURRENT WEBSITE RETURNING PAGE #1 RESULTS ON THE MAJOR SEARCH ENGINES FOR YOUR CHOSEN KEYWORDS?

We Can Make Your Website Be Found More Easily

1. We provide a **FREE** audit of your website.
2. We share this information with you and give you advice on what needs to be done to optimise your site.
3. We can make the necessary changes for you if required.
4. We can assist with providing an internet marketing plan.

Shuttle Transport Specialist

Tararua Shuttles provides transfers to and from all of major centres in the Lower North Island from Wellington to Palmerston North. If you demand unbeatable value and service, here are just a few of the reasons why you should start or end your journey with us.

Tararua Shuttles drivers will pick you up or drop you off at your doorstep, whether it's home, rail, bus, hotel, the office or regional airport. They'll even help you with your luggage.

Tararua Shuttles don't have meters, so even if the traffic is heavy, you won't have to worry about your fare going up. We have a fixed pricing schedule so we can calculate our fares up-front.

Tararua Shuttles have an online booking enquiry section (drop-down section from contact us) and bookings made with us are exclusive. We do not pickup or drop-off passengers enroute apart from your party. We are exclusive to each individual booking unless party members are being pickup enroute to your location.

With our modern and spacious minivans capable of seating up to 6 passengers and luggage of all shapes and sizes.

Activities

Group Shuttle Transport Available for

Tramping, Hiking, Hunting, Fishing, White Water Rafting, Bush Walks, Bird Watching in the Tararua Ranges.

Tararua Shuttles connect with both bus and rail to transport customers to destination points within the Tararua region.

We pickup and dropoff anywhere between Palmerston North, Foxton, Shannon, Levin, Otaki, Waikanae, Paraparaumu, Raumati, Paekakariki, Pukerua Bay, Plimmerton, Porirua, Tawa, Johnsonville, Wellington and the Hutt Valley and Akstarawa Valley.

FOR SALE
 two bedroom townhouse
 In the heart of Marlborough

Townhouse for Sale in Renwick, Marlborough

This beautifully presented two bedroom townhouse is tucked away from the hustle and bustle of the city in the township of Renwick in the heart of Marlborough. Renwick is a mere 10 minute drive to Blenheim or 35 minutes to Hawke Bay.

Renwick is located in Marlborough at the top of the South Island of New Zealand and has a population of around 2,000. There is a shopping centre in Renwick and a kindergarten and a primary school all centrally located. There are two marish one with an adjacent farm, the Woodhouse Tavern. There is a supermarket also in the town centre.

About the Property
 Enjoying glorious sunshine throughout the spacious living areas, this could be your dream home or investment property as it is currently tenanted at \$260 per week.

This lovely family townhouse has so much more to offer with a well established smaller easy-care half section that has been well planted with cones and shrubs, in addition to the well established "easy-mow" lawn that surrounds the property.

The property is offered at the realistic price of \$259,000, which is \$66,000 below what it's 2010 valuation was.

CONTENT MANAGEMENT SYSTEMS

CMS IS A SYSTEM THAT ALLOWS YOU TO MANAGE YOUR OWN WEBSITE CONTENT

A content management system (CMS) is software that keeps track of every piece of page content on your Web site, much like your local public library keeps track of books and stores them.

Content can be simple text, photos, music, video, documents, or just about anything you can think of.

A major advantage of using a CMS is that
it requires almost no technical skill or knowledge to manage your own website.

You can now edit any page of your website yourself "live" online and save costs that your webmaster would normally charge you for.

Since the inbuilt CMS manages all your content, you don't have to.

Online NZ can build your website under the Joomla & Wordpress structure.
There are many "themes" online to choose from or we can build you a custom site to suit your own image.

Mobile Internet Marketing in the 21st Century

Most websites do not display correctly on a smart phone or mobile device

60% of internet users worldwide now access the internet using their mobile device.

GoMobi **creates a duplicate** of your own normal website and saves it in a mobile friendly format

Add on user enabled features like ie: call us, phone us, email us, make a booking, get directions, etc

goMobi nominated as “Best Technology Innovation” 2011!
4th of July 2011

On June 2, the Mobile Entertainment Forum (MEF) announced the shortlists for its 2011 “Meffy” awards — and we were excited to see goMobi on the “**Best Technical Innovation**” list.

Why go mobile?
With over 85% of handsets being able to access the mobile web by the end of 2012, the mobile web represents the greatest shift in the use of the internet since the dawn of the web.
Although most businesses will have a desktop website, it is in a compelling environment with a full browser, large screen and secondary context.
By comparison, the mobile user has a small screen and limited bandwidth. Businesses that do not effectively accommodate the mobile user will lose traffic. It is less likely to convert to leads due to the content while on the go.
Today's consumers are increasingly impatient and demand instant gratification. A mobile website that does not accommodate the mobile user will lose traffic. It is less likely to convert to leads due to the content while on the go.
Today's consumers are increasingly impatient and demand instant gratification. A mobile website that does not accommodate the mobile user will lose traffic. It is less likely to convert to leads due to the content while on the go.

With more than 500 million active users, Facebook is roughly the same as the U.S.A. in terms of population. In fact, the odds are that you are already a Facebook user, perhaps using it to keep in touch with family and friends, with a touch of business thrown in for good measure. In short: Facebook is where it is all happening and you're already half-way there.

But what about your business? Do you use Facebook to also promote your business? If you're a business owner, you really do need to set up a Fan Page, or else you risk being left behind as more businesses shift marketing focus to social networks like Facebook.

FACEBOOK Business pages are vastly different than profiles. You have a profile for you personally, but your business can't have a profile — it can have a Page though. A Facebook Business Page is a place to display relevant information about your company. They are so useful because you can include everything that relates to your business in one place with a built-in captive audience, ie:

- **Company Profile**
- **Website and contact information**
- **Press releases**
- **Videos**
- **Blogs, RSS feeds**
- **Twitter updates**
- **Company news and information**
- **Customer interaction**
